Summary

Detail-oriented Computer Science undergraduate specializing in Java Full Stack Development with hands-on proficiency in Spring Boot, Hibernate, React.js, and MySQL. Experienced in engineering robust RESTful APIs, architecting secure data-driven backend systems, and crafting responsive user interfaces. Passionate about writing clean, maintainable code and eager to contribute to robust software solutions as an Associate Software Engineer or Junior Full Stack Developer.

Skills

Frontend: HTML5, CSS3, Bootstrap, JavaScript, React.js
Backend: Java, Spring Boot, Hibernate, JDBC, Maven
Database: MySQL
Office Tools: MS Office Suite (Word, Excel, PowerPoint)
Tools & IDEs: Figma, Git, GitHub, VS Code, IntelliJ IDEA, Eclipse, Postman
Core Competencies: Problem Solving, Analytical Thinking, Team Collaboration, Adaptability, Time Management

Projects

SmartChit 360 – Community Financial Web Platform *Java, Hibernate, JDBC, MySQL, React.js, REST APIs, JWT*
Developed a full-stack financial web platform managing rotational chits, micro-loans, and jewellery gold schemes. Implemented backend business logic for automated turn allocation, flat-rate EMI calculations, daily gold rate conversion, and SHA-256 encrypted digital receipts. Built responsive user and administrator interfaces with secure JWT authentication and MySQL-backed persistence using Java, Hibernate, and JDBC.

Hostel Complaint Portal *Java, Spring Boot, React.js, MySQL, Hibernate (JPA), REST APIs, JDBC*
Developed a full-stack hostel complaint resolution platform that enables students to submit and track complaints related to room maintenance, food quality, water supply, cleanliness, and safety. Implemented backend business logic for complaint handling, status updates, room occupancy tracking, and student-admin workflows using Java and Spring Boot. Built responsive student and admin interfaces with React.js and integrating MySQL for data persistence using Hibernate (JPA) and REST APIs.

Internships

React Developer Intern — *AIstratX Technologies* August 2026 – October 2026
Java Developer Intern — *Le Success* July 2025
Frontend & UI/UX Design Intern — *Unityr Tech Labs (SAIIC)* August 2024 – December 2024

Education

B.E., Computer Science and Engineering 2022 – 2026
Syed Ammal Engineering College
CGPA: 8.64

Certifications & Training

- Solution Architecture Job Simulation – Forage (AWS)
- Advanced React – Meta
- Database and SQL Operations – Infosys Springboard
- Master Program in Full Stack: Java – Fita Academy *Feb 2026 – July 2026*
- Advanced Java Training – Anudip Foundation *Aug 2026 – Present*

Languages Known

Tamil: Native
English: Professional Working Proficiency
